# SAYAN HALDER

**Data Analyst | SQL | Power BI | Excel | Business Intelligence**

Kolkata, India | 7003039700 | sayanhalder813@gmail.com | LinkedIn | GitHub | Portfolio

## PROFESSIONAL SUMMARY

Data Analyst with a BBA background and professional experience across customer operations, business development, and entrepreneurship. Hands-on experience using SQL, Power BI, Excel, data cleaning, KPI analysis, dashboard development, and data visualization to investigate business questions and communicate actionable insights. Built end-to-end analytics case studies spanning retail operations, e-commerce customer engagement, product sentiment, profitability, and market intelligence, including a MySQL + Power BI dark-store operations project. Also built and deployed Animus, an event-driven smart-home agent integrating telemetry, automation, local AI, and 1,300+ automated tests.

## TECHNICAL SKILLS

Data Analysis: Data Cleaning, Exploratory Analysis, KPI Analysis, Business Analysis, Reporting
Excel: Pivot Tables, Pivot Charts, Dashboards, Data Cleaning, Formulas & Functions
SQL: Data Querying, Filtering, Aggregation, Joins, CTEs, Window Functions, Date/Time Analysis
Power BI: Data Visualization, Data Modeling, DAX, Dashboard Development, Business Intelligence
AI-Assisted Workflows: ChatGPT, Claude, Gemini, AI Agents, Prompt Engineering, Research & Debugging
Tools: MySQL, GitHub, Google Sheets, Python, FastAPI, SQLite

## SELECTED ANALYTICS PROJECTS

**Blinkit Dark Store Stock-Out & Operations Intelligence Analysis**
*MySQL | SQL | Power BI | DAX | Data Modeling | Operations Analytics*
- Built an end-to-end SQL and Power BI analysis of synthetic dark-store operations across 12 Kolkata stores and 120 days, investigating stock-out concentration, chronic SKUs, category patterns, replenishment pressure, and healthy-store benchmarks.
- Used CTEs, window functions, joins, conditional logic, and date/time analysis, then developed a two-page dashboard and executive report translating findings into operational recommendations with documented data-grain caveats.

**Animus — Smart Home Agent & Telemetry System**
*Python | FastAPI | AsyncIO | SQLite | Pydantic | Local LLM | IoT | GitHub*
- Built and deployed an event-driven smart-home agent integrating real-time device telemetry, automation, natural-language command routing, state memory, and multiple hardware control layers.
- Implemented asynchronous telemetry/state pipelines and deterministic command paths with structured tool invocation; maintained 1,300+ automated unit and integration tests.

**Amazon Customer Engagement & Product Sentiment Analysis**
*Excel | Data Cleaning | Pivot Tables | Dashboarding | Customer Analytics*
- Analyzed Amazon customer review and product data to evaluate ratings, review engagement, customer sentiment, and product-level performance.
- Cleaned and structured raw data and built an interactive Excel dashboard using Pivot Tables, charts, KPI indicators, and filters; translated findings into business recommendations.

**Steam Marketplace Intelligence**
*Excel | Market Analysis | Data Cleaning | Dashboarding | Business Intelligence*
- Analyzed Steam marketplace data across genres, publishers, pricing tiers, player engagement, and market trends.
- Engineered helper fields and pricing/genre classifications and built an interactive dashboard to identify market opportunities and competitive patterns.

**Superstore Profitability & Margin Analysis**
*Excel | Pivot Tables | KPI Analysis | Data Visualization*
- Built an interactive Excel dashboard analyzing sales, profitability, product performance, customer segments, and regional trends.
- Used Pivot Tables, Pivot Charts, KPI cards, filters, and structured analysis to identify profitability patterns and convert findings into commercial recommendations.

## PROFESSIONAL EXPERIENCE

**Academic Advisor | Counsel India | May 2026 – Present**
- Counsel students regarding certification programs, manage admissions consultations, maintain CRM records, and handle learner follow-ups.

**CAP Associate | Amazon Development Centre India | Jul 2024 – Feb 2025**
- Worked in Customer Abuse Prevention operations, investigated account activities, maintained quality standards, and resolved customer-impacting issues.

**Customer Support Executive | Globiva (Flipkart Process) | Nov 2023 – Jul 2024**
- Handled customer queries related to orders, refunds, returns, deliveries, and account-related concerns through phone support.

**Senior Business Development Associate | FrontRow | Nov 2021 – Aug 2022**
- Achieved highest revenue performer status for two consecutive months and managed customer consultations, follow-ups, and sales communication.

**Business Development Associate | BYJU'S | Oct 2020 – Mar 2021**
- Counseled students and parents, managed leads, and worked in a target-driven sales environment.

**Co-Founder | GreyChalk**
- Co-built a school management platform with online classes, attendance tracking, and homework management; coordinated with the development team for product execution.
- Managed 32 interns for lead generation and client acquisition, conducted product demos, and onboarded around 10 schools and tuition centers.

## EDUCATION & CERTIFICATION

Bachelor of Business Administration (BBA) — KIIT School of Management | Graduated 2020
Google Data Analytics Professional Certificate — Coursera
